Dear respected brother,

Assalamu Alaikum Warahmatullahi Wabarakatuh

We are glad to send this letter through our friend Mohamed Cassim, who will call on you to discuss various matters pertaining to our activities.

We hope you will extend all assistance to him and make his visit their a success for our cause.

We are eagerly expecting your arrival here very soon. Please be good enough to inform us early about your arrival details. You can cable: "NAGMEER" Colombo.

I have been persistently asked by the respective institutions what response I had from you after your last visit. I have asked them to wait patiently a little more until your arrival again. So that, we hope you would bring good results for all concerned.

Please accept our fraternal greetings and Salaams,

Yours-in-Islam,
